

16 February 2023 Webinar

EPILEPSY

Presenter: Pete Jones, Nurse Practitioner, Neurology/Epilepsy

Date: 16th February 2023

Time: 7pm (AEST)

Cost: \$40 for non- members, PANDDA members free

For more information about this webinar and to register contact Rhonda Beggs on E: roo7496@outlook.com or M: 0484127643

About the presenter:

Pete initially studied science in Bristol, UK before pursuing a nursing career in England in the late 90's.

In 2002 Pete moved to Australia and commenced working at the Royal Brisbane and Women's hospital, first in general medicine before moving to Intensive care where his passion for neurological nursing began.

Pete's prior roles include nurse unit manager of neurology and clinical nurse consultant in epilepsy. Pete completed his master's in nursing science (Nurse Practitioner) to become Queensland's only current NP dedicated to the care and management of patients with epilepsy.

About the presentation:

The presentation will focus on the diagnosis and classification of epilepsy, seizure management and differential diagnoses including functional neurological disorders.

Learning objectives:

To better understand the classification of seizures and their management
